

THE SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA  
Parental Permission to Photograph  
(For School and Non-School Personnel to Interview, Videotape or Photograph a Student)

The Hernando County School District requires that each student have a parental permission slip signed and placed in the student's cumulative folder giving permission for the student to be photographed, videotaped, or interviewed, either as an individual or as part of a class or group.

There are many times a newspaper photographer comes into the school to take a picture of an entire class because of some project or activity that is deemed newsworthy. There are also times when an individual student has accomplished something of importance or been involved in a news making incident. At the time a photographer or interviewer comes to the school it is often impossible to contact a parent for permission. In addition, the District and school maintain Internet websites recognizing our students.

Your cooperation in signing this statement will be appreciated. If, however such a signed statement is not in the student's cumulative folder no photographs, videotapes, or interviews by non-school personnel will be permitted by this school. This permission shall continue in effect from year-to-year, or until such time that the parent requests that it be changed.

(Please check appropriate boxes)

- school photograph (Individual)
- newspaper photograph and/or interview
- group photograph
- video tape
- yearbook
- Placement on school website
- Placement on District website
