* EX – stands for Exact

One (1) inch filters are packaged 12/case.

Please note: All unit prices listed in product list that have (**) notation will only be sold in case quantities as these are non-standard sizes. It is our understanding that the majority of filters will be delivered to the Hernando County Schools' Warehouse. Johnstone Supply is suited to handle this arrangement. Concern exists should the model change, with the expectation for us to deliver to each school. Johnstone Supply's current logistics would not be capable of supporting such an initiative.
