Recommended award by vendor(s), description of item(s)/service(s) and prices: (see attached)

T/C Code: 1633

The purpose and intent of this invitation to bid is to establish a contract for Inspection, Testing and Certification of Water-Based Fire Protection System services. The work shall consist of furnishing all materials, labor, tools, equipment, and supervision required to perform inspection, testing and certification services of Water-Based Fire Protection systems to include fire sprinkler systems, private fire hydrants, fire main backflow preventors, combination domestic/fire main backflow preventors and fire pumps. The Fire Protection Systems: Maintenance & Repair Services will be competitively bid on a separate solicitation; the awarded Bidder on Inspection & Testing Services (this bid) will not be eligible for award on the Fire Protection Systems: Maintenance & Repair Services, Water Based Bid. This bid will establish fixed rates with a primary and secondary vendor.
