Message from Hernando School District

COVID – 19
(CORONAVIRUS)

March 11, 2020

For families traveling over Spring Break - The Centers for Disease Control and Prevention strongly discourages travel to any high-risk country (Currently identified as China, Iran, Italy and South Korea). If you choose to do so, we ask that you notify your child's school administrator prior to traveling to those areas with widespread outbreaks. The CDC advises those who travel to high risk countries to, “stay home for 14 days from the time you left the area and practice social distancing”. Stay current as to areas defined as "high risk" by visiting the CDC's "COVID-19 Information for Travel" page: https://www.cdc.gov/coronavirus/2019-ncov/travelers/index.html

For all other travel, including cruises, travelers should follow recommendations provided by the CDC and Florida Department of Health including thorough handwashing and good cough/sneeze hygiene routines.

Regardless of travel, if you experience flu-like symptoms, you are encouraged to stay home and contact your physician.
