March 13, 2020

Good afternoon everyone.

Today, the Florida Department of Education and Florida Department of Health notified school districts that staff and students, who travel out of country or take a cruise, must self-isolate for 14 days after they return from travel. Hernando School District will follow these recommendations. When staff and students return from Spring Break on March 23rd, we ask for cooperation in helping to limit potential exposure to the virus. Staff and students who travel out of country or take a cruise over Spring Break are asked to let your school administrator know.

While, we are fortunate to have no known cases of coronavirus in Hernando County, we will continue to monitor this ever-changing situation and we will continue to communicate with our staff and families over Spring Break as information becomes known.

We appreciate the continued support of our staff, families, local health experts and state leaders as we all take steps to help control exposure to coronavirus.

Thank you,

John Stratton
Superintendent

It is the policy of the Hernando County School District not to illegally discriminate or allow its employees to illegally discriminate on the basis of race, color, religion, national origin, age, sex, marital status, disability or GINA in its educational programs or employment practices.
