

## **New School Security Procedure**

# **Front Doors to Remain Locked**

Parents,

All schools in the Hernando County School District will begin keeping the front office doors locked at all times throughout the school day. To enter the front office, visitors are asked to alert school staff by pressing the door buzzer located on, or near, each front door. At this time, installation of the door buzzers is underway.

This new security feature will help school staff monitor and control open access to the school. By keeping the front office door locked at all times, we add one more measure to our school security procedures.

Thank you for your understanding and your support.

Jill Renihan  
Director of School Safety  
Hernando County School District
