SALES TAX ACCOUNTABILITY COMMITTEE MEETING

May 10, 2022

I. Call to Order

Meeting called to order by Gregg Laskoski at 5:08 pm in the board room of Hernando Schools District Building.

Present were:

Sean Arnold (Dir of Support Oper), Gregg Laskoski, John Martin (New Member), Joyce McIntyre (Finance), Brian Ragan (Facilities & Constr), Lori Sowers, Brian Still (Dir of Maintenance), and Bob Widmar.

Absent:

Kendra Sittig (Budget)

II. Guests

Jen Cook, Susan Duval

Gregg introduced the newest member of the committee, John Martin. We also had a guest present that was interested in observing the committee.

III. Review & Approval of Meeting Minutes from February 22, 2022

Bob made a motion to accept the minutes, John 2nd. Motion passed.

IV. Recurring business

a) **Bob Widmar** The revenues reported on the DOR report matches with Kendra's figures. The monthly averages for 2022 are $1,347 million, which is up about $100,000. Things are going up, the population, the CPI, and is reflected in the sales tax. In another chart, the revenue line and expense line are still tracking.

b) **Joyce McIntyre** – Joyce presented the financials for the quarter ended Mar 31, 2022. The fiscal year to date revenue is $10,939,788 in tax and $4,850 in interest income. The total revenue since inception is $73,639,630. Total closed purchase orders as of March is $43,012,115, the total open purchase orders are $19,704,583, which brings the total expenditures to $62,716,699. Revenues minus expenditures is $10,922,930.
Joyce addressed changes made after committee review. Lori noticed PO 2042200036 for $23,722.11 dated 10/15/21 was missing from the current report. Joyce found out it was voided and accidentally left off the report, she has corrected their report to reflect the PO as voided and no longer outstanding. Another PO questioned was 2042100058 for $289,137, it was duplicated in the report on 2 different periods. Joyce looked it over and removed the most recent entry and kept the original entry in the 9/30/21 period. There were also questions on POs 2042200058 and 2042200044 due to the amounts changing. Brian explained on one PO there was an increase in scope by adding some needed design work to the projects to avoid having 2 different contractors working at the same time. Lori asked for clarification that they may increase the PO without school board approval, Brian confirmed

and said it was continuing services. The other PO was increase due to recommendations by the building official for ADA requirements.

c) **Brian Ragan** – The transportation roofing and insulation is in design phase and waiting on pricing. We are seeing increased pricing by 1 ½ or 2 times and are hoping we stay in budget. John asked about ventilation at Transportation and Brian stated it was included. The Central High gym HVAC is going to the board for approval and should start in June and finish in Aug. The units were ordered in March and should be here by then. The roof on the District office is in design. Floyd and Pine Grove soffit and lighting are going to the board for approval and should be a summer project. The soffit is having to be redone due to faulty construction, there were no inspectors at that time. Bob asked if the board just rubber stamps things, Brian stated that many questions are asked before the meetings by board members like Susan Duval and Jimmy Lodato. The construction is started at the fire alarms at Brooksville and Westside, the same contractor is doing them to save some money. The roofing POs for Eastside and Springstead are still on back order for materials. Suncoast HVAC is almost complete, but we are still waiting on a switch gear part since last summer. Springstead stadium is winding up.

d) **Lori Sowers**

Lori presented the resolution spreadsheet. Joyce addressed some of the observations Lori had. Everything else was accounted for and matched. Lori asked Facilities about PO 2532200337 for a water heater at Springstead, is it part of the building? It was confirmed that is hard-wired and was with the original construction, it is a big commercial water heater/boiler. Lori also asked what a pulper was at Pine Grove, Brian said it is basically a big garbage disposal and is used for waste and separates the liquids from the solids.
