

SHARI AMES

Moton Elementary

“Shari Ames is a first-grade teacher at Moton. She is the most loving and caring teacher. When you walk into her classroom, you can physically feel how much she loves and cares about her students, even the students will tell you that Mrs. Ames loves them. She keeps them highly engaged and holds them to high expectations, pushing them to go above and beyond what they think they can do and celebrating student successes. She also knows her students individually both academically and personally.”

Patty Martin, Moton Principal
