

We are excited to announce that Central High School is partnering with Changemaker to help raise funds for our school. Changemaker is a recurring donation platform where you can register any debit or credit card and your digital spare change from the purchases on that debit/credit card will be rounded up each month and donated to our school.

How does it work?

1. Sign-Up any debit or credit card
2. Choose round-up or a fixed monthly giving amount
3. Watch how your monthly contributions help your student's school excel throughout the year

It's THAT simple! Want to sign up to support CHS today? See the flyer below to get started now!
